

Footy Colours Day 2011 is Friday 2 September

The one day in September to Fight Cancer and Save Lives

Last year was a fun time for hundreds of thousands of people who joined in Footy Colours Day. These are some of the photos from around Australia showing different ways people enjoyed the Day.

Send us your photos for 2011 and we'll publish some of the best from around the country.

All Australians can show their true colours by wearing their favourite footy colours – AFL, NRL, Rugby League and Soccer – have some fun in the workplace and help children living with cancer.

In 2010, Footy Colours Day corporate supporters nationwide, organised fundraising events in their workplace to support the event.

Staff, wearing their favourite team colours held sausage sizzles, footy matches, footy trivia nights and footy themed breakfasts; all to raise money for the Fight Cancer Back On Track program.

Within the mining community The Footy Colours Day Mining Challenge saw staff at different mining companies trying to outdo each other by raising the most funds for the Fight Cancer Foundation. The winner was Ashton Coal Operations Pty Ltd which raised more than \$5,000.

Why not hold your own challenge this year?

2010 Premier John Brumby and MPs support Footy Colours Day wearing their team's colours

Fight Cancer Back on Track was developed to prevent school students living with cancer from being disadvantaged because of their isolation during long, unavoidable treatment and recovery periods and to improve their future prospects by providing continuity in their education. Back on Track is an education program supporting students until they return to full-time schooling.

Mark your calendar for 2nd September 2011 or any day you choose for Footy Colours Day. Registrations are open, so register online today!

And remember to send us your favourite photos from the day. We'd love to see them!
