In support of
Fight Cancer Foundation's
John Opie House, Hobart

Breakfast for Hope

Fight Cancer Foundation™
Giving hope. Saving lives.

The Fight Cancer Foundation is a national charity dedicated to saving lives of people with leukaemia and other cancers. The Foundation offers hope and a second chance of life by providing care, treatment and support to cancer patients and their families and also funds research to find a cure.

Funds raised at the Breakfast will assist Tasmanian patients and their families who need to come to Hobart for treatment. We offer them a safe, welcoming and affordable home away from home at John Opie House in Murray Street, Hobart.
