

Giving hope. Saving lives.

2018

Fight Cancer Foundation™
Giving hope. Saving lives.

About

Fight Cancer Foundation is a national charity dedicated to providing care, treatment and support for cancer patients and their families and funding vital research into cancer treatment and cures. This is only possible thanks to the generosity of our supporters.

Research

Fight Cancer Foundation is proud of our longstanding partnership with Melbourne Health and The Royal Melbourne Hospital to fund translational research into blood disorders.

Accommodation Centres

Our accommodation centres in New South Wales, Tasmania and Victoria provide much-needed comfortable and affordable accommodation for seriously ill patients and their families who must travel long distances to access medical treatment.

Each Fight Cancer Foundation facility offers a home away from home atmosphere, relieving patients and their families of some of the financial and emotional burden caused by serious illness.

Youth and Education

Fight Cancer Foundation's education support programs were developed to address the gap in educational support for children and young people living with cancer. Today the programs operate in major paediatric hospitals in Victoria, New South Wales and South Australia.

Our education support programs enable learners to maintain their education and connection with their school and school friends.

Thank you for helping at this special time of year.

fightcancer.org.au

"When my dad was sick, I was lucky enough to be surrounded by overwhelming support from my network and community, but I understand that this is not the case for everyone. This is why I volunteer, I want to be involved in care and initiatives that help to support people with cancer and their families."

Lia, Volunteer

"Accommodation sounds like a simple thing, but finding accommodation with Fight Cancer Foundation changed our nightmare into something a little more liveable."

Danielle, Briarna's mother

"Though my work is simple and I don't work with people living with cancer directly, I know what I'm doing can help Fight Cancer Foundation to raise more money more efficiently."

Cecilia, Volunteer

Fight Cancer Foundation™
Giving hope. Saving lives.

"Luckily for me, Fight Cancer Foundation was there and provided an apartment for me and my family across the road from the hospital. This was a huge relief as it meant my family could be there to support me while I underwent treatment."

Jake, Cancer Survivor

"I want to help fund research into treatment options for blood cancer, so going forward fewer people have to leave behind their family and friends before their time."

Jason & Deborah Hunt,
Community Fundraisers

"We registered for the wonderful Fight Cancer Foundation accommodation centre right near the hospital. I felt so relieved, this was one major problem solved and I could focus on Daniel."

Daniel's mother, Jo
